F A C U L T Y

Members of the Class of 1986:
Perhaps it is fitting that my remarks to the Class of 1986 touch upon the tragedy that befell the crew of the Challenger on January 28, 1986. The fact that Christa McAuliffe, a high school teacher, was on the ill-fated craft lends greater meaning to the tragedy. Christa McAuliffe is the forerunner of those persons who would establish a balance in the space program. Heretofore, those sent into space were for the most part engineers, scientists, technologists. Without their contributions, we would not have advanced so rapidly in the area of technology. However, man must not become so obsessed with science and technology that he loses his sense of humanity. Christa said, "I touch time; I teach." What can be more humanitarian than to teach. What can be more human than to dare to step beyond one dimensional living. Christa dared. Christa took the risk. She not only touched time, but she touched mankind.

May I suggest, therefore, that you make every effort to expand your experience. Do not become so entrenched in your life's work at the expense of touching other horizons.

Best Wishes; Good Luck.

Forever Flyer

Pelle is gone
And we'll never forget
How much with his life
He guarded that net
With a zest for life
He lived everyday
Who would have thought
He'd be taken away?
Pride and joy
He never did lack
While on the ice
In the orange and black
Our lives will go on
We must never give up
So let's play for him
And bring home that cup!

TIE-DYE SUMMERSKY

Look at the blue
clash with the orange
but blend with the white
as day turns to night
tie-dye summersky
love to watch her hair fly
amidst the wind
as the night begins
look at the sun
fall prey to the ocean
gives birth to the moon'
we lay in the dunes
tie dye summersky
see the sky in her eyes
with a twinkle of light
engulfed by the night
in love with this girl
in pure sandy world
wanna make her simple
with colors of style
tie-dye summersky
colors make me so high
tie-dye summersky
see the magic in her eyes

The Road Not Taken

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth:

Then tool the other, as just as fair,
And having perhaps the better claim,
Be cause it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I-
I took the one less traveled by,
And that has made all the difference.

The Fighting Tiger Golf Team enjoyed a very successful 1985 season. They missed claiming a share of the Central League Team Championship by a one stroke 222 to 223 heart breaking loss to perenial power Conestoga. The success can be breaking loss to perenial power Conestoga. The success can be attributed to the sound play and able leadership of Tri-Captains Dan Malley, Dave Mulholland and Dave Orcutt. Additional members of the Varsity Line-up included: seniors Greg Bishop, Steve Cohen, Nick DiFabio, Ed Pruitt, and Joe Robinson. Juniors Tom Conner, Matt Frankel and David Vogrin were also very important to the winning ways of the 1985 Tigers. The bus leaves promptly at 2:40! . . . No stops at DQ!!! . . . IN MEMORY OF MICHAEL JARRETT

From the beginning of life
he gave us great joy.
Running and playing together
under the sun.
We talked, we cried, we shared
many dreams.
Touching all of us unknowingly
with an undying friendship.
The day of parting was unexpected,
and brought us great sorrow.
In an instant life was turned
into dust.
Although he had to leave us early,
he left a part
To live on.
Those special moments and the love
he gave from his heart.
This was the boy,
not yet a man.

family member.

STOPPING BY WOODS ON A SNOWY EVENING

Whose woods these are I think I know.
His house is in the village though;
He will not see me stopping here
To watch his woods fill up with snow.

My little horse must think it queer
To stop without a farmhouse near
Between the woods and frozen lake
The darkest evening of the year.

He gives his harness bells a shake
To ask if there is some mistake.
The only other sound's the sweep
Of easy wind and downy flake.

The woods are lovely, dark and deep.
But I have promises to keep,
And miles to go before I sleep,
And miles to go before I sleep.

Robert Frost

SNAPPER'S LIGHTWEIGHT 19" MAKES LIGHT OF LAWN WORK

The 19" Hi-Vac® proves SNAPPER's built in quality can come in a small package. Light, compact and durable. It's easy-to-start and easy-to-handle.

A short wheel base helps prevent scalping and allows mowing and trimming in tight areas, around shrubs and under trees.

SNAPPER's exclusive patented Hi-Vac cutting system creates a powerful suction that actually sets up grass for a smooth, even cut, while vacuuming your lawn of clippings, leaves and other debris. Options are a Snapperizer for shredding leaves, a Mulcherizer for mulching clippings and a side discharge for use without a bag. For added convenience there's the Extra Bag-N-Blade Kit.

It's no wonder this compact SNAPPER makes such short work of lawn work.

Look for it at your SNAPPER dealer today.

It's a snap with SNAPPER.
